VOLMARY NURSERIES AND INFORMATION CENTRE

Dear Customer,

Herewith, your Volmary Seed & Seedling/Young Plant Catalogue for Autumn 2022.

The selection is made up of what we have found to be the best varieties, according to our experience, and it has been enhanced with many attractive innovations. According to the season, we will send you an optimal overview of the Volmary **Seed & Seedling/Young Plant** selection, which will facilitate your production planning.

NEW: The cross-species spring **flowering trios 'Spring Checkies'*** are complemented with ranunculus, to round off the selection. These trios are ideal for sales in March. All of the 'Spring Checkies*' combinations have been tested in an intensive series of trials. The various combinations are perfectly suited for cultivation together. They are a true highlight of our spring sales.

The very early, compact **cornuta selection, 'Twixini'**, which is cultivated late in autumn, is ideal for early spring sales. The selection has been supplemented with new colours, and you will be impressed by their uniform growth and early flowering. Both the producer and the end user are excited about the mass of flowers, which can be seen shortly after the first blooms appear. Discover the **Twix* for Mix** colour combinations, 'Classic', 'Sverige' and 'Wild Berries'. A special sowing process and tried and tested combinations of varieties ensure an even distribution of the colours and an attractive colour mixes. In the **Cyclamen 'Super Series* Verano'**, there are two attractive novelties of the Victoria type: the different-coloured outer edge, which is slightly wavy, is very attractive, and it makes an ideal addition to your cyclamen culture for the summer.

Herbs and year-round products, which the consumer continues to purchase, even in summer, autumn and winter, are very popular with the customers. Our tabular overview (Pages 91 – 92), which is always kept up to date, will give you the orientation you need when it comes to the wide range of Volmary* Young Herb Plants. This facilitates your decision in terms of the herb selections: basic herbs, flowering herbs, culinary herbs and genuine herb specialties.

The **Volmary* garden retail brand**, in colourful pots, is still increasing in popularity. Targeted marketing activities, both online and offline, are aimed at the creation of emotional Volmary* brand experiences. Many gardeners and marketers have recognised the good results that are achieved through this collaborative partnership. Have you already started producing in Volmary pots?

Better products and targeted information are a decisive factor for your success. Our international connections to scientists, plant breeders, producers of seedlings, production nurseries, marketers and the media, provide you with the world's best varieties and first-hand knowledge.

The new **Volmary online portal**, which is available at pro.volmary.com, enables you to order seeds and seedlings/young plants 24/7, to view availability and to place hassle-free repeat orders, based on existing orders.

The internal and field employees of Volmary will provide confidential advice on varieties and cultivation. We encourage you to make use of this offer.

Yours sincerely,
Management and Staff

DIGITALISATION WITH THE VOLMARY ONLINE PORTAL

Simply order your seeds and seedlings/young plants online

As a customer of Volmary, you have the exclusive option of using the Volmary Online Portal. The presentation of the Volmary products is clear and well-structured. Place your orders around the clock (24/7), from our selection of seeds and seedlings/young plants, under the categories flowers, perennials, vegetables, fruit and herbs.

pro.volmary.com

The advantages at a glance

- Order seeds & young plants around the clock
- See the current availability at any time
- Quickly find the product you are looking for via search and filter functions
- Download and view catalogues
- View your order history – easy, direct reordering
- Mobile access from any location, even directly from your greenhouse

Our sales representatives and office staff will be happy to answer any questions you may have. We look forward to welcoming you to our Volmary Webshop, at pro.volmary.com

VOLMARY SEEDLING/YOUNG PLANT PRODUCTION

Our horticultural practices are carbon-neutral with CO₂ offsetting

A sustainable commitment to climate protection is a matter of the heart; therefore, for us at Volmary, avoiding CO₂ emissions, through energy-efficient, climate-friendly production, is of utmost importance.

Furthermore, Volmary has decided to make an additional contribution towards climate protection: in collaboration with FORLIANCE, Volmary ensures appropriate offsetting of CO₂ emissions generated in Germany.

Through FORLIANCE, we support the DakRTih Hydropower Project in Vietnam. Our aim, through this effort, is to supply large sections of the population with affordable, clean green energy. This replaces the alternative of energy produced by burning fossil fuels, which would otherwise be the case, thereby effectively reducing the emission of CO₂.

VOLMARY – YOUR INDEPENDENT PARTNER

Volmary GmbH is an independent, medium-sized family enterprise in the horticultural field, and a leading European nursery enterprise. In Volmary, you have a strong, innovative partner for your retail nursery, with carefully developed plant-branding concepts for the horticultural and retail supermarket trades.

Volmary enjoys international success in the following areas:

- Production and sale of vegetatively and generatively propagated **flowers, vegetables, herbs** and young **fruit-bearing plants**
- Propagation and sale of **seeds** (flower and vegetable seeds)
- Sale of **vegetable bulbs**
- **Classical plant-breeding** in the areas of flowers and vegetables
- Management of the **plant-branding concepts, Volmary® Plants** and **Soul Plants®**

Products that meet the highest quality requirements

Volmary Seedling/Young Plant Production uses the latest seedling and greenhouse technology in their production areas. Each production step is accompanied by precise seed-sowing technology and climate control. A computer-controlled quality assurance system enables us to ensure the delivery of only full trays of the highest quality. Thanks to our efficient logistics, you can rely on getting your seedlings within a very short space of time. Our high quality standards guarantee the safe and successful further cultivation of our seedlings/young plants.

Exclusive varieties

New, particularly high-performing varieties are of great importance, in order for you to offer your customers a modern, high-quality selection of flowers and vegetables. At the Volmary Nurseries and Information Centre in Münster, we offer you the ideal opportunities to get to know our new varieties inside-out. Through intensive testing of varieties, we are able to provide you with precise, practice-relevant recommendations for cultivation. All of the new varieties are subjected to several years of testing, in the Volmary greenhouses and in our own Volmary test fields, where they are assessed in terms of their suitability for field and bed cultivation.

Variety Show Events

Several times a year, we open the doors to the Volmary Nurseries and Information Centre and offer you the possibility to inform yourself about the latest varieties.

VOLMARY® PLANT-BRANDING CONCEPTS

Convincing strategies also generate an equal measure of added value for production growers, over the entire retail chain, all the way to the end user.

Service, sales support – from the seed, all the way to the plant, Volmary® represents the highest demands and premium quality. The plants are cultivated under license by selected horticultural facilities, and marketed through nurseries. The product quality is decisive: only the best varieties, selected from the professional horticultural industry, make it into the Volmary® selection.

- A fun selection of varieties that sell well!
- Year-round marketing programme
- Fresh, modern design
- Plenty of sales promotion materials for optimum presentation of your Volmary® plants
- Effective multichannel marketing

Profit from the many advantages offered by the world of Volmary® plants!

VOLMARY® SALES PROMOTION MATERIALS

The attractive Volmary® sales promotion materials enable optimum presentation of your Volmary®-branded plants, thereby boosting your sales.

Colourful presentation, e.g. CC trolleys can be provided with CC corners, adhesive tape, toppers, sales signage and informative flyers. This assures a cheerful mood at the POS and promotes successful sales. Make use of our wide range of sales promotion materials for the presentation of your Volmary® plants.

Volmary® – Active marketing support

Volmary® Plant World sales promotion is characterised by a multi-faceted marketing concept. Let your sales benefit from a strong, inspiring and informative brand. Gain new customers and improve your sales channels with individual sales concepts and special offers.

HIGHLIGHTS 2022

Volmary **Violas** represent innovative genetics and the highest quality. The selection is colourful and uniform, and it ensures a bright, cheerful Spring Awakening®. Strong proprietary series, like **Twix®**, **Ice Babies®** and **Carneval®**, are just as much a part of this range as the special type series, **Cats®** and **Orchi®**. Explore the entire Volmary Viola world from **page 5**.

The **spring** and **autumn-flowering selection** contains a variety of trendy products. One variety that deserves special mention is the new **Myosotis „Great Friend Blue“**. This beautifully upright, early-flowering forget-me-not will delight you. You will be impressed by its strikingly dark, vigorous foliage, early flowering and bushy growth. It has all the prerequisites for a sales highlight at the start of the season. You can find more Myosotis **on page 57**.

The Volmary **cyclamens** will not only impress you with their wide range of standard, midi and mini varieties. There are also lots of new, attractive colour variations to discover, such as the **Indiaka® F1** series.

One of the highlight are the **fragrant Angelito® garden cyclamens**. The delicate, long-lasting flowers exude an intense, sweet fragrance. They survive damp nights and cool temperatures without damage, making Angelito® garden cyclamens the perfect choice for autumn bedding schemes. They are real eye-catchers in the ornamental garden, in planters or in the cemetery. Discover the Volmary Cyclamen range, starting **on page 63**.

Our diverse selection of **Euphorbias** offers many special kinds, such as the **Q-isma®** varieties. Thanks to ease of transport and a high level of stress tolerance, this range has an excellent shelf life at the point of sale. Your customers will love the beautiful bracts of the Q-isma® varieties, which are extremely long-lasting and highly stress-tolerant in dry indoor climates. You will find the Q-ismas® and other Euphorbia varieties from renowned breeders on **page 84**.

PRIMROSE 'GIRL'S DELIGHT®' F1

A very special variety for an upmarket selection

The large, semi-double flowers of Primrose 'Girl's Delight®' will delight you with their pretty play of colours in pastel shades. They are well-branched, moderately strong growers – just right for robust plants in a 10 to 10.5cm pot. Depending on when they are potted, they will begin to bloom from mid-January to mid-February.

'Girl's Delight®' is a very special variety for an upmarket selection. Production in the pink 10.5cm Girl's Delight® Volmary® pot (with series logo, cultivation pictograms and EAN) is ideal, particularly when selling through specialised horticultural outlets.

The following varieties are available:

- Golden Shades (Shades of golden-yellow)
- Pink Shades (Shades of apricot-rose)
- Red Shades (Shades of red) **NEW**
- Rose Shades (Shades of pink)
- Mix (Mixture)

THE NEW REFRESHING SPRING FLOWER TRIOS

Colour-coordinated plant combinations remain highly popular among hobby gardeners. Here, we combine different types of plants into a single young plant and use our renowned 50 young plant trio palette from our bed and balcony area. Perfect for 12 – 14 cm pots. In addition to our well-known 'Spring Checkies®', combinations for the later sales period, 'Spring Checkies® Late', are now also available.

Use this innovative approach to ensure your commercial success!

These can also be produced using the Volmary® plant brand concept.

FRAGRANT GARDEN CYCLAMEN 'ANGELITO'®¹

Cyclamen for outdoor use have been trendy for years. These reliable plants with continuous flowering starting in August have a height of approx. 15 cm.

The delicate, highly durable flowers exude an intense, sweet fragrance. They can withstand wet nights and cool temperatures without damage. Cyclamen are ideal for autumn decoration in front yards, in containers and in cemeteries.

- Good suitability for outdoors
- Attractive for autumn plantings in bowls, on balconies or in gardens
- Cold tolerant, resistant to rain
- Sweet fragrance from the colourful flowers, decorative foliage

Can be produced in the Volmary® plant brand concept. Please contact us.

XXL Assortment

- Attractive, dark green foliage
- Ideal for the extended range in the main sales season

442771 Q-ismas® Memories 104
NEW Wine red

Q-ISMAS® JOY

- Very compact growing variety for cultivation with little use of inhibitors
- Good trimming of smaller, slightly upright bracts in deep red
- Very good durability
- Ideal for small and medium-sized pot products or the early start of cultivation

442767 Q-ismas® Joy 104
NEW Red

Q-ISMAS® LIGHT

- Intense, medium-sized scarlet bracts
- Compact, V-shaped growth
- Ideal for medium-weight goods in indirect sales from the beginning of December

442769 Q-ismas® Light 104
NEW Scarlet red

Q-ISMAS® BOND

- Bright, scarlet red bracts above dark foliage
- Compact growth with V-shaped branching
- Low requirement for inhibitors, ideal for compact plants

442763 Q-ismas® Bond 104
Scarlet red

Q-ISMAS® MOJITO

- Large, unusually whitish green bracts
- Moderately vigorous growth with good branching
- A speciality for the upscale, innovative range

442770 Q-ismas® Mojito 104
Whitish green

Q-ISMAS® OAK

- Bronze-coloured, large bracts
- Compact growth
- Stable plant structure with V-shaped branching

442773 Q-ismas® Oak 104
Bronze

FROSTY Q-ISMAS®

- Mint green, oak-leaved bracts above dark green foliage
- Very compact, well-branched habit
- Ideal for medium-sized and smaller pots
- An attractive variety for modern furnished apartments

442765 Frosty Q-ismas® 104
Mint green

442771 Q-ismas® Memories

442763 Q-ismas® Bond

442767 Q-ismas® Joy

442769 Q-ismas® Light

HOLY Q-ISMAS®

- Dark red bracts above deep green foliage
- Strong growth, ideal for classic potted products at the main sales period
- Very good shelf life at the end customer

442766 Holy Q-ismas® 104
Dark red

FUTURA BRILLIANT RED

- Round bracts in a bright scarlet red colour
- Good formation of cyathia
- Robust, dark shoots with V-shaped branching
- Ideal for larger pots
- Good durability at the end customer

442805 Futura Brilliant Red 104
Scarlet red

442770 Q-ismas® Mojito

442766 Holy Q-ismas®

442805 Futura Brilliant Red

442773 Q-ismas® Oak

SUPERBA NEW GLITTER

- A robust variety with strong, V-shaped shoots
- Large, wide bracts with intense colouration
- Numerous cyathia
- Good durability and low susceptibility to Botrytis

442897 Superba New Glitter 104
Red speckled

VALENTINO

- An attractive special variety with wavy bracts
- Ideal for standards, single-stemmed plants and bushes
- Requires little water, very drought tolerant at the end customer

442940 Valentino 104
Red

Cultivation times serve as summer production guidelines. Winter production times vary relative to the specific product.. For more information, see the spring catalogue 2022 pages 362-382.

Allmänna leveransvillkor SW Horto

Gäller fr o m 2018-01-01

§ 1 Allmänt

Nedanstående bestämmelser ska tillämpas om annat inte skriftligen avtalats mellan SW Horto AB (härefter benämnd som "säljaren") och köparen. Det åligger köparen att ange korrekt leveransadress. Anmälan av ny leveransadress skall skriftligen bekräftas av säljaren. Order är inte gällande mot säljaren förrän skriftlig orderbekräftelse lämnats. Det åligger köparen att kontrollera erhållen orderbekräftelse och att inom 7 dagar från mottagandet göra gällande ev. felaktigheter och avvikelser. Säljaren reserverar sig för slutförsäljning och misskörd samt förbehåller sig rätten att byta till närmast liknande sort om sortbyte måste göras.

§ 2 Priser

Leveransdagens grundpriser enligt vid var tid gällande prislistor och kataloger gäller. Priser anges exklusive mervärdesskatt. Kostnad för emballage kan tillkomma vid leverans på annat sätt än på containervagnar eller om annat avvikande emballage måste användas. Angiven offert är bindande för säljaren under 30 dagar räknat från offertdatum, om annat inte skriftligen avtalats. Säljaren äger rätt att i efterhand avträda offerterade och generella kreditvillkor efter kreditprövning av köparen.

§ 3 Frakt och leverans

Leverans sker fritt säljarens lager (EXW enligt Incoterms) eller från annan utlastningsplats som säljaren bestämmer. Vad gäller växande material (inkluderar turf, blomster- grönsaks och bär- plantor eller liknande) sker utleverans från olika lagerställen. Säljaren anordnar på köparens risk och bekostnad transport av beställd vara till av köparen anvisad plats. Gällande blomster- plantor och i det fall inget annat avtalats sker frakt på containervagn med av säljaren anvisat åkeri. Reklamation avseende transportskada skall utan dröjsmål anmälas till transportföretaget. Vid leverans med annat transportsätt än ovan angivet avtalas varje försändelse för sig. Leverans från två eller flera platser eller vid en eller flera tidpunkter innebär mer än en sändning. Kran- och trucklossning debiteras kunden. All liftbilslossning av jord skall anges vid beställning. Växande material som är producerat utanför svensk gräns ska genom säljarens försorg vara försett med aktuellt och giltigt plantpass. (Plantpass innebär en garanti för att plantorna genomgått sundhetskontroll och att de är godkända av berörd myndighet i ursprungslandet). Leverans av frigoplantor sker i obruten kylkedja till säljarens lager varifrån leverans sker i ej kyld transport om inget annat avtalats.

§ 4 Risk

Ansvaret för att varan av våda förstörs, försämras eller minskas övergår till köparen när varan avsänts till denne. Om köparen inte kan ta emot växande material vid avtalad leveranstidpunkt svarar säljaren inte för varans kvalitet vid senare leveranstillfälle. I det fall köparen skall avhämta varan övergår ansvaret till köparen vid den tidpunkt då köparen äger påkalla varans avlämnande och varan hålls avskild och tillgänglig för köparen.

§ 5 Leveransförsening

Köparen äger utan ersättningskyldighet avbeställa försenad leverans eller del av leverans i det fall leveransförseningen överstiger två veckor. Det åligger köparen att utan dröjsmål underrätta säljaren härom när denne anmält leveransförseningen. Säljaren är utan ansvar för köparens skada på grund av leveransförsening och delvis eller helt utebliven leverans, såvida inte säljaren varit försumlig eller grovt oaktsam. Ersättning till köparen, inklusive ersättning för produktionsbortfall, utebliven vinst eller annan indirekt skada kan aldrig överstiga varuvärdet. Vid leverans av frö och plantor förbehåller säljaren sig rätten att ersätta produkter som inte kan levereras med närmast liknande sort.

§ 6 Fel eller brist i leverans

Det åligger köparen att omedelbart efter leverans undersöka och prova produkten såtillvida detta är rimligt utifrån normal affärspraxis. Avser leveransen växande material skall ev. avviker reklameras inom 24 timmar, dock senast påföljande arbetsdag efter mottagen leverans. Övriga reklamationer skall göras inom 7 dagar efter det att leveransen mottagits. Variation i storlek, färg och utseende på växande material kan förekomma beroende på årsmån och leveranstidpunkt. Säljaren ansvarar inte för felmärkt förpackning från tredje part och det åligger köparen att genom varuprov, förpackningsrester eller liknande styrka fel i vara. Reklamationer avseende sortäktighet, sortenheter eller grobarhet skall göras utan dröjsmål och i så god tid att besiktning kan äga rum på växtplatsen. Efteranalys av frö skall för att godkännas företas genast efter varans ankomst och provtagning skall ske enligt Jordbruksverkets föreskrifter. Köparen äger inte rätt till ersättning för skada på grund av fel eller brist i varan med mindre felet eller bristen kan tillräknas säljaren såsom försummelse. Säljaren ansvarar inte för personskada eller sakskada som orsakas på grund av skadebringande egen-skaper (s.k. produktansvar) i levererad vara. Levererad vara, som visas ha varit felaktig vid leveransen, byts ut i mån av tillgång på felfri vara. Om säljaren inte kan erbjuda ersättningsleverans krediteras fakturabelopp inklusive frakt för den felaktiga varan. Ersättning till köparen, inklusive ersättning för produktionsbortfall, utebliven vinst eller annan indirekt skada, får aldrig överstiga varuvärdet.

§ 7 Force Majeure

Skulle till följd av arbetskonflikt, krig, myndighetsbeslut, omfattande driftstörningar hos säljaren, utebliven försenad eller förminskad skörd hos säljaren, utebliven försenad eller reducerad leverans från leverantör eller annan omständighet av vad slag det vara må utanför säljarens kontroll (s.k. Force Majeure), säljarens möjlighet att fullgöra leverans hindras eller avsevärt försvåras äger säljaren frånträda detta avtal utan att då ansvara för skada eller förlust som kan uppstå för köparen till följd härav.

§ 8 Annullering

Köparen äger rätt att annullera bekräftande order fram till förbeställningstidens början. Annullering efter förbeställningstidens början godkänns inte.

§ 9 Myndighetsbeslut

Om det sedan avtal slutits inträffar valutakursförändring, äger säljaren rätt att justera priset i motsvarande mån. Motsvarande gäller beträffande myndighet beslutade förändringar av skatter, avgifter och priser. Säljaren äger rätt att i motsvarande mån justera priset utan föregående avisering.

§ 10 Betalningsvillkor

Köparen skall erlagga betalning enligt de villkor som överenskommit vid avtalets ingående. Efter förfalldatum utgår dröjesmålsränta på fakturabeloppet utgörande vid var tid gällande referensränta + 8 procentenheter. Eventuella anmärkningar på fakturan skall göras gällande inom 7 dagar. Eventuella motfordringar kan endast göras gällande om de godkänns av säljaren eller fastställs i domstol. Säljaren förbehåller sig rätten att debitera en administrativ avgift på order understigande 1000:-.

§ 11 Ägandeförbehåll

Godset förblir säljarens egendom till dess att fullständig betalning erlagts för alla i avtalet reglerade fordringar – inklusive eventuella kostnader, skatter och dröjesmålsräntor.

§ 12 Tillämplig rätt

I det fall inget annat skriftligen avtalats mellan parterna skall svensk rätt tillämpas.

LEGEND

Symbol	Definition	Symbol	Definition	Symbol	Definition
	Generatively Propagated		Pot Size (cm)	HB	Hanging basket culture possible
	Vegetatively Propagated		Cultivation time from seedling/young plant (Weeks)		Fleuroselect Gold Medal
	Meristematically Propagated		Natural Flowering Time (Month)		Fleuroselect Novelty
	Upright growth habit		Cultivation Temperature (°C)		Can be produced according to end-customer brand concepts. Further information from Page 3, or at www.volmary.com

SIMPLE ONLINE ORDERING OF SEEDLINGS/YOUNG PLANTS AND SEEDS

As a Volmary® customer, you have the exclusive options of using the Volmary® Online Portal.

The advantages at a glance

- Order seeds & seedlings/young plants 24/7
- See the current availability at any time
- Get information on the current selection of products and varieties
- Query prices directly
- Download and view catalogues
- View your order history – easy, direct reordering
- Mobile access from any location, even directly from your greenhouse

Get started with the Volmary® Online Portal now, at pro.volmary.com!

POWER FOR YOUR PLANTS WITH MULTIKRAFT

Effective by nature

The family-owned company Multikraft® is the leading developer and manufacturer of effective microorganisms. With the help of this technology, Multikraft® produces environment friendly products with sustainable benefits for humans, animals and the environment. The functioning of Multikraft® is inspired by nature. It promotes regeneration and boosts natural processes. Microscopic living organisms, referred to as microorganisms, which are the basis of all life, are used to drive these processes. The use of Multikraft® plant boosters promotes root formation and increases the resistance of the plant to soil-borne diseases and pests. This product also increases the germination, flowering, fruiting and maturation of the plants and increases the radiance of the flowers, often making it possible to reduce or even eliminate the use of pesticides.

The new all-in-one products, **MK Blumen** and **MK Gemüse**, are particularly easy to use, and they prevent problems with fungal diseases and pests. Steady growth and bushiness are encouraged by regular spraying of the foliage. For years, Multikraft® products have been used to great effect in the cultivation of ornamental plants and vegetables, and they offer an excellent opportunity for environment friendly production. Gardening with the power of nature is also possible for you.

Your contact at Volmary® will gladly provide you with information about Multikraft®.
